Citizen concerns:

Bill and Pam Ingram presented to the board allowing them to revamp their pole shed into a handicap home. They would keep the existing house. There is too much work to be done to convert their existing home to handicap and their grandson and his family would like to move into this home to help take care of them. They were asking for a change. Our zoning ordinance states they cannot have two residences on the same acreage. The town chair told them that they would have to present their plans to the planning committee along with letters to their neighbors. The chairman will contact the committee members for a date.

Road Projects

Seal coating has been done on North Kirk Road and Anthony Lane.

Terry Court is to have Crack sealing.
